Sentence Wednesday In West Coast Slaying

RIVERSIDE, Calif.— (AP) —An all-woman jury has convicted Mrs. Agnes E. Garnier of manslaughter in the slaying of her wealthy employer and lover, John E. Owen.

The handsome 53-year-old business woman took the surprise ver-dict stoically, although the penalty may be from one to 10 years in

Pleads Self-Defense.

She had testified she acted in self-defense when Owen, 68, president of the National Apartment House Owners association, was fatally shot in the bedroom of his nearby Jurupa hills rancho April 22. She was charged with murdering him.

But the jury apparently sided, in some degree, with the state's contention that Mrs. Garnier, for 12 years Owen's confidential secretary and sweetheart, was motivated by jealousy of his attentions to Actress Irene Rich.

Mrs. Garnier blinked rapidly as the verdict was announced last night after nearly eight hours of deliberation, but she managed a smile as she was led back to jail. "There's nothing to say," she told reporters.

Judge Russell S. Waite set 10 a.m. Wednesday for sentencing. To Ask New Trial.

But Mrs. Garnier's attorney, Sam Houston Allen, immediately

HERE is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner of the rectangle and cheek every one of your key numbers, left to right. Then tangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.
